And Ian Gordon (Teesside)**

**Invite you to the second CHALLENGE Summit
“Looking Beyond the UDA”**

Last year CHALLENGE led a move within the dental profession to find new ways of paying dentists to provide NHS dental treatment. The pain of the new contract was still too fresh and the anger within the minds of many delegates prevented us from making real progress but a set of proposals was eventually drawn up and presented to the CDO.

Now, with the Parliamentary Health Committee due to report and a demand for significant change expected, CHALLENGE wishes to invite a bigger audience to its second Summit to –

- Learn from the Health Committee’s report**
- Discuss in detail some alternative ways of funding NHS dentistry**

**This event will take place in London on July 11th at the
ICO Conference Centre
22 Berners Street
London W1T 4DD**

The event will be chaired by John Renshaw and guest contributors will include Paul Batchelor (adviser to the Health Committee).

There will be ample time allocated for a wide exchange of views and a full debate, leading to some positive suggestions and ideas.

The Department of Health team will be invited to participate in a genuine attempt to build bridges between the Department and the profession
